ChillTray

- Stack and Nest for space efficiency
- Reinforced sides and bottoms prevent flexing under load
- Open weave designs minimize cooling and freezing times

ChillPac

- Efficient quick chilling/cooling of meat, poultry, or seafood for in-plant handling and distribution
- Side and bottom vents promote air-flow for minimum cooling time
- Metal bails for secure stacking

NestPac

- Great for shipping meat and poultry products
- Ergonomic handles for comfortable lifting
- Stack and nest on 48" x 40" pallets
- Detached locking lids control spills during transport
