# Specialty Display

# Rolls Goods Display

Roll Goods Displayer can be used to display and dispense various sizes and types of roll goods including screening, shading films, and vinyl runners. Uprites can be spaced closer together for heavier loads such as chain and wire.

Uprite arm projects from 10" to 13" away from the shelving back panel to fit 16" through 22" deep base decks. Uprites are available to fit to the top of 54" and 72" 06 base shelving heights.

Order (1) Support Assembly for each 4' shelving section and the desired number of Uprite & Hangrod Assemblies.

**Recommended capacity - 800 lbs. per 4' section.**

### STANDARD FINISH:

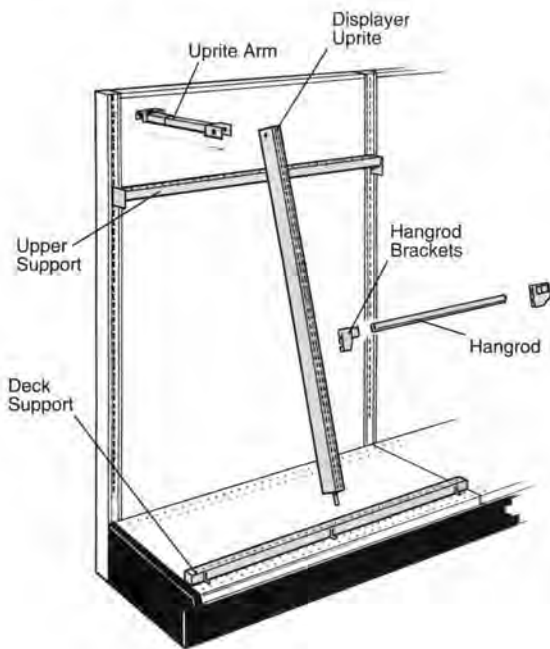

PLT (Platinum) Support Assembly, Uprite Assembly & Hangrod Brackets, Code A  
Optional Tier I colors **only**, Code B

**NOTE:** Hangrods are GLV (Galvanized) **only**.
